17. [] LIAISON Talked with Ted Ralston, staff of the Senate Select Committee on Intelligence, regarding the breakfast/briefing scheduled for tomorrow morning. Ralston said he will be working on intelligence analysis and production and wanted to hear Mr. Knoche's "new ideas" in that area.

[]

19. [] LIAISON Accompanied Mr. E. H. Knoche to courtesy calls on Senator John Sparkman (D., Ala.) and Mr. Pat Holt, Chief of Staff, Senate Foreign Relations Committee. (See Memorandum for Record on meeting with Mr. Holt.)

20. [] LIAISON Bill Miller, Staff Director, Senate Select Committee on Intelligence, called and said that due to the Senate floor schedule, Mr. Knoche's confirmation hearing would have to be changed to Wednesday, 23 June at 9:00 a.m. I told him I saw no problem with this but I would check with Mr. Knoche and be back in touch.

Mr. Miller also brought up the records destruction matter and said Senator Mansfield wanted to be sure the moratorium applied to the entire Intelligence Community. I told Miller of my conversation with Tom Latimer, DOD, and that we both construed the Chairman's letter to say it was intended to apply to the Intelligence Community. Miller said they would be sending a follow-up letter but that for now Mansfield just wanted this clarified. I told Miller that Latimer and I had kicked this around and decided that the letter did not apply to the Department of Defense generally, but to the intelligence agencies of the Department. I told Miller I would double check this with Mr. Knoche and be back in touch.

I later called Miller and told him that Wednesday would be fine for the confirmation hearing.

I also mentioned to him that in view of the fact that they are planning on sending us another letter on records destruction, there is something in the Chairman's letter about final review by the Committee staff. I said that this might raise some questions including the propriety of such review under the terms of the Privacy Act and that we might want to discuss this aspect of the arrangement further.
